## PRESIDENTIAL TOUR.

Train Pulls Out of Washington Amid Thousands of Farewells.

## THOSE IN THE PARTY

The Train Leaves the Capital City on Schedule Time—Mrs. McKinley's Apartments Decorated With Flowers by Ladies.

Washington, April 29.—The train which will carry President and Mrs. McKinley and party on their long excursion across the continent and back made a start precisely on schedule time over the Southern railroad. Long before 10 o'clock this morning many people congregated about the station and when President and Mrs. McKinley arrived at 10:10 o'clock the building was thronged and many persons congregated on the outside. There was a cheer as the president's immediate party drove up to the station and a general demonstration as the head of the nation and his wife made their way through the crowd to the train. Mrs. McKinley leaned upon the arm of Dr. Rixey and both she and the president smiled in response to the greetings which they met. They were accompanied to the train by numerous friends and many distinguished persons.

The presidential party included Secretary Gage, Secretary Root, Senator Hanna, Justice McKenna, General Miles, General Corbin, General Sternberg, Secretary White of the American embassy in London, Commissioner of Pensions Evans, Comptroller Dawes, General Bates, Assistant Postmaster General Shellenberger, Congressman Livingston and many ladies of the cabinet circle.

Mrs. McKinley found the drawing room of the private coach which she and the president are to occupy beautifully decorated with roses and other flowers. She spoke gratefully of the thoughtful care of her friends, and seated herself beside a window facing the crowd and continued to smile and bow to acquaintances until the train moved out.

The president took a position on the rear platform of the "Olympia" beside Secretary Hitchcock, hat in hand, a brilliant carnation in a buttonhole of his coat and a smile upon his face. Just as the minute hand of the big clock in the station touched the 10:30 point the train started upon the 10,000-mile journey. The crowd cheered enthusiastically and waved a goodbye. The demonstration continued until the train left the environs of Washington, the crowd extending well to the city limits.

### Accident Caused Smith's Death.

London, April 29.—The coroner's jury of investigation on the death of Billy Smith, the American pugilist, who was fatally injured on April 22 at the National Sporting club in a bout with Jack Roberts, rendered a verdict of accidental death. The coroner closely examined the club officers and some disinterested spectators of the contest. The hospital surgeon who attended Smith said the appearance of the pupils of the latter's eyes disproved the story that he had been drugged. All testimony elicited tended to establish the fact that the pugilist was not drugged. Out of 200 bouts which had taken place at the National Sporting club this year this is the first in which any of the contestants sustained serious injury.

### Six Claims Only Remain.

Washington, April 29.—Only six more claims remain to be disposed of by the Chilean claims commission before it can adjourn sine die. Twelve claims have been determined. The claimants asked for about \$250,000 for damages and alleged to have been sustained in Chili. The commission has rendered an award of only \$2000. Among the claims to be settled is that growing out of the seizure of the steamer Itata by the United States. Chili intends to make a determined effort to win this case and Senor Don Anidole Casas, her counsel, is now preparing his brief.

### Roller Rocks on Germans.

Berlin, April 29.—Dispatches from Peking show the Germans had a difficult task in carrying the passes leading into Shan Si province. The only approaches were steep mountain tracks and the Chinese held commanding positions from which they rolled huge rocks down the mountain sides, on the advancing Germans. Besides many old guns, 18 quick firers were captured. German losses were 1 officer and 7 men killed and 4 officers and 35 men wounded.

### Morgan Buying Steamship Lines.

London, April 29.—The first steps in the direction of the consolidation of some of the biggest transatlantic shipping interests has been accomplished by J. P. Morgan & Co., of the Leyland Line of steamers. The line whose fleets will thus pass into control of American is one of Great Britain's greatest shipping institutions, far exceeding the pa-

insular and oriental Steam Navigation company in tonnage and importance.

### Robbers Cause a Fire.

Ashtabula, O., April 29.—Robbers blew open the safe in the store of Richards & Herrick, occupying a large frame building on Main street early this morning. A fire quickly broke out after the explosion of dynamite. The Richards & Herrick building was totally destroyed, also an adjoining business house. The losses aggregate \$20,000. What the robbers secured is not known.

### CUBANS SATISFIED.

Platt Amendment Not So Hard to Accept Since Explained.

New York, April 29.—"Even annexation might be acceptable to Cuba if it came after independence," said Dr. Rafael M. Portuondo, one of the members of the delegation from the Cuban national convention to Washington Sunday night. "For 50 years she has longed for light and led for independence. She once attained she would agree to any fair demands the United States could make."

Gratified with the outcome of their mission the delegation which has been in conference with President McKinley and Secretary of War Root have arrived in New York. The commissioners will pay a visit to the stock and produce exchanges and will sail for home on Wednesday on the Ward line steamship Havana. General Portuondo was eloquent in his expressions of satisfaction with the result of the mission to Washington.

"There was a misunderstanding," he said, "and now for us at least it has all been cleared. The trouble was with the Platt amendment. Many of the Cubans suspected it. They did not know what it meant. They doubted the motive that lay behind it. Not that they thought it might be unfair to Cuba only, but to the United States. The explanation given to us at Washington is plain and dispels our doubts. None of us can now question the honesty or impugn the fairmindedness of the senate. To be sure, there are terms about the amendment which cannot be adopted but I think a great deal has been accomplished."

When asked how long it would take to establish a Cuban government, Gen. Portuondo replied:

"Not less than 10 months. There must be conventions and elections before the electoral council, which chooses a president is selected. That will all take time and I think we shall feel satisfied if our government is set in motion by Feb. 24 of next year. That you know is our Fourth of July, the anniversary of our rise against Spain."

"Our electoral body will be made up equally of representatives from the professional men, the wealthy citizens and provincial assemblies. The president must be a native Cuban or one who has fought 10 years for Cuban independence. A senator must be a native, but a representative may be a native or a naturalized citizen."

### ISTHMIAN CANAL.

Secretary Hay in Favor of Neutrality of the Waterway.

Washington, April 29.—In agreeing to insert in the proposed Isthmian canal treaty a proposition to establish the neutrality of the projected waterway, Secretary Hay has taken action which meets with the full approval of Admiral Dewey and the majority of naval officers.

It would pledge the United States to observe the principle of neutrality in the convention under negotiation and the admiral ejaculated: "Splendid. More than a year ago I said that the canal should be neutral. I am more than convinced today of the necessity of such action. Erection of fortifications would make the canal one of prime objectives of our enemies operations in time of war. Besides, their construction would entail enormous expense and necessitate constant expenditure to keep them manned and in proper condition. I see no necessity for them."

"The neutrality of the canal can be guaranteed by our fleet. The canal is to be a commercial waterway and neutralization therefore, will mean its preservation."

### Murphy Will Contest Settled.

Nashville, April 29.—The contest of the will of the late Samuel M. Murphy has been settled. Mr. Murphy left an estate valued at \$1,500,000, in which he bequeathed \$50,000 to each of his nieces, Mrs. Nora Kilbreth and Mrs. Mary Murphy Gardner, on the condition that no contest would be instituted. The remainder of the estate was left to his wife, who subsequently adopted Thomas J. Felder and wife, daughter of President Smith of Louisville and Nashville railroad, which made them her residuary legatees. Suit was brought to set aside the will, but was abandoned by the claimants accepting the legacies provided in the testament and absolving the estate from all further claims.

A wedding which came somewhat in the nature of a surprise to friends of the young people was that of Mr. Sam H. Allphin and Miss Mamie Kernole, at the home of the bride's mother, Mrs. H. Kernole, Sunday evening at 7:30 o'clock. Rev. E. L. Shettles was the officiating minister and only relatives and a few friends were present. The wedding was followed by a sumptuous repast that was much relished.

The bride is the youngest daughter of Mrs. H. Kernole, and was reared in Bryan. She enjoys the esteem of a large circle of friends, who unite in wishing her abundant happiness. The groom came from Madisonville ten months ago and has made many friends in our midst, with whom the Eagle unites in extending congratulations. The young people are at home at Mrs. Kernole's.

### NEW FREE BAPTIST CHURCH.

Dedicated with Impressive Ceremonies  
Sunday Afternoon.

Sunday afternoon will long be memorable to many by reason of the beautiful and impressive services attending the dedication of the new Free Baptist church completed in the western part of town. The new structure is a highly creditable one, well built, well lighted, ventilated and finished and will comfortably seat 300 or more persons.

An immense crowd filled the church to witness and take part in the notable services which was conducted by the pastor, Rev. A. M. Stewart, assisted by Rev. E. L. Shettles, pastor of the Methodist church, and Dr. W. H. Willson, leading elder of the Presbyterian church. Other ministers of the city were called away from the city by their duties elsewhere. The music was splendid and the whole service in keeping with the beauty, solemnity and importance of the occasion.

The dedicatory sermon by Rev. Stewart was from I Kings 8:18: "Whereas it was in thine heart to build a house unto my name thou didst well that it was in thine heart." The sermon brought out the full purpose and meaning of the occasion and made a lasting impression on all present.

### DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

### Don't Get Angry.

We are sorry to state that there are now \$3000.00 in accounts due on our books. We have urgently requested those who are in arrears to come forward and settle without delay. We cannot run this plant on wind and water. It takes money to give the people the service.

Those in arrears must pay or we will be forced to cut off both lights and water. One dollar will be charged for cutting off and one dollar for turning on. Read the rules of the company and settle to avoid getting angry.

We owe debts and must pay them. Delinquents will have their lights and water cut off if not paid for by May 10, 1901. The last call; take notice and govern yourself accordingly. B. W. L. & P. Co.

### A BUSY SUNDAY.

New Yorkers Visit Burnet, Marble Falls and Llano.

Austin, April 29.—Sunday was a busy, though quiet day for the New Yorkers who are touring through Texas. Early in the morning they left Austin by special train taking breakfast at Burnet. Here they visited the White Eagle mines and carried off specimens of the ore. At noon they took dinner at Marble Falls, viewed the falls and threw silver dollars to a crowd of cowboys, who had given an exhibition of roping cattle and buck riding.

At Llano, where the party arrived late in the afternoon, they were given a hearty welcome, and in the evening attended religious services in the court-house, where a sermon was delivered by the Rev. James Newton Halleck, editor of the Christian World of New York City, and a response given by Charles W. Jessup.

They returned to Austin at midnight and left this morning for north Texas points.

Temple, Tex., April 29.—Temple, the city that gave to the world the round cotton bale, threw open its arms to the committee of New York Merchant's association and Chamber of Commerce this morning and showed them the practical operation of cotton mills which they say will revolutionize the industry. A bevy of ladies of Temple showered upon the capitalists their attentions and later in carriages escorted the visitors about points of interest. The party left Temple at noon for Waco in company with a number of the reception committee.

### A JURY SCORED.

Judge Not Pleased With the Verdict in the Cudahy Kidnaping Case.

Omaha, April 29.—After considering over night the guilt or innocence of James Callahan, the jury announced at 9 o'clock Sunday morning that he had no part in the kidnaping of Edward Cudahy, Jr. The verdict was an evident surprise to the court and Judge Baker expressed his disgust in emphatic terms.

Callahan was immediately arrested on two other counts which the state is not prepared to say will be made use of as no new evidence is at hand and the expense of going over the ground again is considerable. As the words "not guilty" were pronounced however, Callahan half rose to his feet and smiled. Judge Baker studied the wording of the verdict for several minutes in silence as though had doubted the evidence of his ears. Then he rebuked the jury very severely.

"If Callahan had made his own choice of a jury," said Judge Baker, "he could not have selected 12 men who could have served him more faithfully. If the state had made the selection I know of no man it could have named who could have been less careful of its interests. The jury is discharged without the compliments of the court and the prisoner is likewise released as to this trial. I presume he will continue the criminal practices in which you have failed to check him. I don't know what motive actuated you in reaching this decision, but I hope none of you will ever appear again in this jury box."

The jury was evidently ill at ease during this arraignment, but it did not make a response and fled rapidly from the box as soon as it was at liberty. In the hallway Callahan mumbled his thanks. The officers of the court looked on with contempt.

Chief of Police Donohue will urge Mr. Cudahy to withdraw the reward for the arrest of Pat Crowe.

"Crows might easily make an appearance and claim the reward himself," said he, "as the evidence against him is no more direct than that against Callahan. In my 18 years experience with criminals I have never heard more absolutely convicting evidence presented than that against Callahan. There was not a single flaw in the testimony and the evidence of guilt was overwhelming."

The trouble arose over a dog of Johnson's which the elder House had killed. Johnson started in pursuit of House and shot him twice through the stomach. Gus House seeing the trouble seized a gun and shot the elder Johnson and was immediately shot by the 14-year-old son of Johnson, who escaped injury. It is thought all will recover.

### Mysterious Accident.

Schnitzer died in a few minutes without regaining consciousness. No one saw him leave his engine and the railroad officials are mystified over the peculiar accident.

Fifteen or twenty representative members of the Methodist church met with the pastor at the church Sunday afternoon and it was definitely decided to erect a new church building. The character of the building was discussed, and, while not definitely determined upon, opinion clearly favored a \$10,000 building, and such a one will doubtless be put up. The church is growing; ninety-six members have been added since January 1, and the demand for a new building can no longer be ignored.

## A FIRE MOST FATAL.

Whole Family Burned in an Old Barn in Houston.

## FIVE LIVES ARE LOST

Three Other Persons Were Injured, One Believed to Be Fatally Hurt—Negro Arrested for Causing the Fire.

Houston, April 29.—Probably the most destructive fire, involving loss of life, that ever occurred in Houston started at 3 o'clock Sunday morning and raged fiercely for more than half an hour. After the fire department had checked the ravages of the flames and poured a flood of water upon the ruins, a half hundred hands dug in the debris and extricated the charred remains of a whole family.

The fire broke out in the old livery stable known as Ruppershoy's stable, at the corner of Milam and Capitol avenues. In an incredibly short time the whole structure was wrapped in flames. The fire department was prompt and a second alarm was immediately sounded. The fire was the fiercest the department has had to deal with for year and three residences in addition to the old livery building were consumed before flames could be checked.

The ground floor of the old stable building had been used for some time by the American laundry for their wagons and horses. The upper floor of the building was used for tenement purposes.

The dead are: Job C. Coppin, florist. Mrs. Coppin. Gus Coppin, aged 9 years. Lizzie Coppin, aged 6 years. Infant of Coppin. Mrs. Jeff G. Hopper had her back broken and is believed to be fatally hurt. Jeff G. Hopper, leg broken and bruised. Stanford Cates, painfully injured. A negro is under arrest for having set fire to the barn. Total loss is near \$10,000.

Ogle Given Five Years. Hillsboro, Tex., April 29.—The jury in the S. W. Ogle murder case brought in a verdict of guilty of murder in the second degree and assessed his punishment at confinement in the penitentiary for five years. A peculiar feature of the Ogle case is that he was tried and given a life sentence in this case in 1883 and was recently released on a habeas corpus hearing because 13 men composed the grand jury that indicted him for murder in the former trial. He had served 17 years in the penitentiary. He was reindicted at this term of court.

Liquor Dealers' Bill Signed. Austin, April 29.—The liquor dealers' bill has been approved by the governor. This bill is an exact copy of the present law, except that the new law provides that those who sell liquor to the habitual drunkard may make the same defense as is allowed in selling liquor to minors.

Fell into Slackening Lime. Austin, April 29.—Oscar Engblad, employed as a laborer on the Seton Infirmary building, met with a serious accident by falling into a pit of lime slackening. He may lose his sight, the lime having burned his eyes.

Another Oil Well. Beaumont, Tex., April 29.—Another well was brought in Sunday. It was for the Guffy company on the Gladys City property near the Lucas well. Its flow has not been tested. Two other wells are due.

Cook Acquitted. Weatherford, Tex., April 29.—In the case of B. W. Cook, charged with an assault with intent to murder George Goodman on Feb. 5, the jury returned a verdict of not guilty.

THAT STANDARD DEAL. Cannot Buy Shipping Port of Port Arthur—Deed Held Up. Beaumont, Tex., April 19.—The reported purchase of 30,000 acres of land from the Port Arthur Land company by the Standard Oil company turns out to have been purchased by John Searles and J. S. Cullinan, and that the sum of \$750,000 was to have been paid for the land. As Mr. Cullinan had represented the Standard Oil company in Texas it was supposed the land was purchased for that company.

The transaction was made with the trustees of the Port Arthur Land company as Kansas City, who are A. E. Stillwell, E. L. Martin and James McD. Trimble. This is of course what started the rumor that the Port Arthur docks had been bought by the Standard.

There is no way for the Standard Oil company to control the shipping of oil from Port Arthur or from Sabine Pass. Such purchase is beyond the power of any syndicate, however large the capital.

The deeds to the land are held up on the protest of stockholders of the company.

Territory Oil Company. South McAlester, I. T., April 29.—A charter has been issued to the Indian Territory Oil company with a capital stock of \$500,000 to develop lands in this vicinity that are believed to be rich in oil. Texas and local capitalists are interested in the company.

## ITALIAN CRIMINALS.

They Are Pouring into the United States on Every Steamer.

New York, April 29.—Italy is making the United States the dumping ground of her criminals and paupers. This fact has been forcibly called to the attention of the local authorities by the arrival in this port of three Italian brigands whose depredations made them a scourge to the province in which they were reared. Despairing of being relieved in any manner the merchants had provided a liberal purse with which the three were sent to America, arriving here with money enough in their pockets to enable them to land unquestioned.

These three outlaws who encountered no obstacle to bar them from entering this country are now in Kansas City, Mo. Warning has been sent out by Police Commissioner Murphy to the Kansas City police officials who now have the Italians under strict police surveillance.

After their arrival in New York, the brigands lived in a quiet manner, meanwhile maturing their plans for a career of crime in the west. Commissioner Murphy found that this is no isolated case.

"Italian criminals," said the commissioner, "are pouring into New York on every ship that brings immigrants. The popular belief that our laws bar out criminals and paupers is a mistaken belief. It may be that the Italian government has no part in the scheme, but it is still true that the United States is being made a dumping ground receiving the cast-offs from Italian prisons and pauper houses."

## BOERS DEFEATED.

Kitchener's Scouts Capture a Lancer, Ammunition, Horses, Carts, Etc.

London, April 29.—General Kitchener reports under date of April 28, that Kitchener's fighting scouts, under Greenfell surprised and captured Van Rensburg's laager at Klipdam. Seven Boers were killed and 37 taken prisoners. Eight thousand rounds of ammunition and all wagons, carts, oxen, horses and mules were captured. The only British casualty was one wounded. Other columns report 3 killed, 58 taken prisoners, 57 surrendered and 1 quick firer captured.

A party of Boers blew up the railroad between Graspan and Belmont, Cape Colony, in three places on April 27, apparently with the intention of intercepting the train carrying Cecil Rhodes. Damage done was slight and quickly repaired.

## Boers Going to Bermuda.

Hamilton, Bermuda, April 25.—There is considerable excitement at present in Bermuda over the expected arrival of 1700 prisoners. Bermudians are not feeling very comfortable over the matter. The island is still garrisoned by a colored regiment, First West India, and their behavior is by no means calculated to inspire the confidence of the people they are supposed to guard. It is hoped that a very strong force of European soldiers will be sent with the Boers, or matters, it is feared, may be as uncomfortable as they were recently at St. Helena.

## FIRE AT PITTSBURG.

Block of Buildings Destroyed and Eight Persons Supposed Burned.

Pittsburg, April 29.—A fire which will result in the probable loss of over \$200,000 consumed a block on Carson street between South Sixteenth and South Seventeenth streets. Rumors are current that eight employees and customers were burned to death. The blaze originated in the basement of the department store of George E. Loerch & Bro., and spread with alarming rapidity through the entire building. The flames leaped across South Seventeenth street and damaged the clothing store of E. and A. Erwein. A dozen buildings in the block adjoining the department store were reduced to ruins.

## "Call" Subject to War Tax.

Washington, April 29.—The United States supreme court has decided in the case brought by ex-Congressman Stephen V. White, of Brooklyn that a "call" as a word used in stock exchange, is an agreement to sell and therefore subject to taxation at the rate of 2 cents per \$100 under the war revenue law.

## Forest Fires in Michigan.

Houghton, April 29.—Forest fires are raging at a number of upper peninsula points and unless there is a drenching rain soon, great damage will be done and many hamlets and villages endangered. The whole northern country is very dry, less than a quarter of an inch of rain having fallen during the month.
